**DECK HEIGHT ADJUSTMENT** The dual height-adjustment system was designed with both a traditional hand lever and a foot lever to lift and adjust the deck. It's perfect for smaller operators who may struggle with traditional hand lever lifts.

**TRANSMISSION** The ZT-3400 integrated transmission boasts an industry-leading 1.125-inch axle for heavy loads (32" and 36" model uses ZT-3100).

**X-FACTOR® 3 DECK** The deck has been completely redesigned for better grass dispersion. Its new look is constructed from 7-gauge steel to deliver years of solid performance.
